International Conference on Machine Intelligence Theory and Applications (MiTA 2024)

Melbourne & Brisbane, Australia

14 - 23 July, 2024

CALL FOR PAPERS

The Eleventh International Conference on Machine Intelligence Theory and Applications (MiTA) will be held in Melbourne and Brisbane, Australia, during 14-23 July, 2024. MiTA2024 aims to provide a high-level international forum for innovative academics and industrial experts in the related fields of machine intelligence theory and applications to present their recent research advances. The conference will be featured by plenary speeches given by world-renowned scholars, regular sessions with broad coverage, and special sessions focusing on popular topics.

TOPIC AREAS

- Artificial intelligence
- Algorithmic game theory and mechanism design
- Machine learning theory
- Machine learning algorithms
- Neural networks
- Connectionist theory
- Neurodynamic analysis
- Reinforcement learning and planning
- Autoencoders based on neural networks
- Convolutional neural network model
- Recurrent neural network model
- Generative models
- Cryptographic applications using artificial neural networks
- Database theory
- Computational complexity
- Fuzzy systems
- Fuzzy sets
- The calculus of fuzzy numbers
- Fuzzy clustering
- Fuzzy classification
- Fuzzy data analysis
- Fuzzy decision-making
- Fuzzy rule-based modeling
- Computer vision
- Multi-agent systems
- Natural language processing
- Information technology
- Image processing and multimedia technology
- Software engineering
- Mobile computing
- Distributed systems
- Recommendation system
- Evolutionary computation
- Theory of evolutionary computation
- Evolution of complex systems
- Hybrid evolutionary approaches
- GPU implementation of evolutionary computation and swarm intelligence algorithms
- Evolutionary transfer optimization
- Evolutionary multi/many-objective optimization
- Evolutionary constrained optimization
- Data-driven evolutionary computation
- Distributed evolutionary computation
- Large-scale optimization
- Evolutionary optimization in multi-agent systems
- Evolutionary optimization with data privacy
- Real-world applications of evolutionary computation
- Data structures design and analysis
- Parameterized complexity and exact algorithms
- Streaming, sublinear and near linear time algorithms
- Parallel and distributed algorithms
- Algorithm design techniques
- Formal languages and automata theory
- Cryptography
- Theory of security
- Network security

SPECIAL SESSION

Proposals for Special sessions within the technical scope of the symposium are solicited. Special sessions, to be organized by internationally recognized experts, aim to bring together researchers on special focused topics. Papers submitted for special sessions are peer-reviewed with the same criteria used for the contributed papers. Researchers interested in organizing special sessions are invited to submit formal proposals to MiTA. A special session proposal should include the session title, a brief description of the scope and motivation, names, contact information, and brief biographical information on the organizers.

CONFERENCE COMMITTEE

GENERAL CHAIRS

- Yunliang Jiang, Zhejiang Normal University, China
- Hua Wang, Victoria University, Melbourne, Australia
- Jianming Yong, University of South Queenland, Australia

ADVISORY CHAIRS

- Derong Liu, University of Illinois, Chicago, USA
- Xizhao Wang, Shenzhen University, China
- Sam Kwong, Lingnan University, China
- Mengchu Zhou, New Jersey Institute of Technology, USA
- Kay Chen Tan, Hong Kong Polytechnic University

SPECIAL SESSION CHAIRS

- Changjun Zhou, Zhejiang Normal University, China
- Frank Jiang, Deakin University, Australia
- Jianyu Li, Nankai University, China
- Nankun Mu, Chongqing University, China
- Sheng-Hao Wu, Hong Kong Polytechnic University, China
- Wei-Jie Yu, Sun Yat-sen University, China
- Xiaofang Liu, Nankai Unviersity, China
- Yongfeng Ge, Victoria University, Melbourne, Australia
- Zijia Wang, Guangzhou University, China

PROGRAM & ORGANIZING CHAIRS

- Zhonglong Zheng, Zhejiang Normal University, China
- Alan Liew, Griffith University, Australia
- Xiao-Min Hu, Guangdong University of Technology, China
- Wei-Neng Chen, South China University of Technology, China
- Zhi-Hui Zhan, Nankai University, China
- Ying Lin, Sun Yat-sen Unviersity, China
- Jeremiah D. Deng, Otago University, New Zealand

PUBLICATIONS CHAIRS

- Yue-Jiao Gong, South China University of Technology, China
- Wing Yin Ng, South China University of Technology, China

PUBLICITY CHAIRS

- Yong Tang, South China Normal University, China
- Kaile Su, Griffith University, Australia
- Sang-Woon Jeon, Hanyang University, Korea

REGISTRATION CHAIRS

- Jing-Hui Zhong, South China University of Technology, China
- Jiao Yin, Victoria University, Melbourne, Australia
- Yong Liu, Zhejiang Normal University, China

IMPORTANT DATE

Special session proposals deadline

January 15, 2024

Paper submission deadline

~~**January 30, 2024**~~ **March 15, 2024**

Notification of acceptance

~~**February 29, 2024**~~ **March 28, 2024**

Camera-ready copy and author registration

~~**March 15, 2024**~~ **April 30, 2024**

CO-SPONSORS

IEEE

IEEE SMC Systems, Man, and Cybernetics Society

浙江师范大学 ZHEJIANG NORMAL UNIVERSITY

VICTORIA UNIVERSITY POLYTECHNIC

HANYANG UNIVERSITY ERICA Education Research Industry Cluster @ Ansan

南開大學 Nankai University
