Call for Papers

Hanyang University & Zhejiang Normal University
Technical Co-sponsor: IEEE SMC Society
https://www.icaci2023.com
https://icaci2023.hanyang.ac.kr/

The 15th International Conference on Advanced Computational Intelligence (ICACI2023) will be held in Seoul, Korea, during May 6-9, 2023, following the successes of previous events. ICACI2023 aims to provide a high-level international forum for scientists, engineers, and educators to present the state of the art of research and applications in related fields. The conference will feature plenary speeches given by world-renowned scholars, regular sessions with broad coverage, and special sessions focusing on popular topics.

Call for Papers and Special Sessions

Prospective authors are invited to contribute high-quality papers to ICACI2023. In addition, proposals for Special sessions within the technical scope of the symposium are solicited. Special sessions, to be organized by internationally recognized experts, aim to bring together researchers on special focused topics. Papers submitted for special sessions are peer-reviewed with the same criteria used for the contributed papers. Researchers interested in organizing special sessions are invited to submit formal proposals to ICACI2023. A special session proposal should include the session title, a brief description of the scope and motivation, names, contact information, and brief biographical information on the organizers.

Topic Areas: *Topics of contributing papers include, but are not limited to, the following areas:*

Neural networks: Computational neuroscience, connectionist theory, cognitive science, mathematical modeling of neural systems, neurodynamic analysis, neurodynamic optimization, adaptive dynamic programming, embedded neural systems, probabilistic and information-theoretic methods, principal and independent component analysis, hybrid intelligent systems, supervised learning, unsupervised learning, reinforcement learning, deep learning, brain imaging, neural information processing, neuroinformatics, bioinformatics, support vector machines and kernel methods, autonomous mental development, data mining, big data processing, pattern recognition, time series analysis, image and signal processing, robotic and control applications, telecommunications, transportation systems, intrusion detection and fault diagnosis, brain-computer interface, neuro-engineering, neuromorphic hardware.

Evolutionary computation: Genetic algorithms, genetic programming, evolutionary strategy, swarm intelligence, particle swarm optimization, ant colony optimization, differential evolution, brain storm optimization, estimation of distribution algorithms, other meta-heuristics, evolutionary multi-objective optimization, evolutionary scheduling, data-driven evolutionary computation, large-scale optimization, parallel and distributed evolutionary computation, evolutionary computation for bi-level optimization, multi-tasking evolutionary computation, evolutionary computation under uncertainty, dynamic evolutionary algorithms, real-world applications of evolutionary algorithms

Fuzzy systems: Fuzzy mathematics, fuzzy measure and integral, fuzzy logic, possibility theory, fuzzy clustering, fuzzy classification, fuzzy data analysis, fuzzy decision-making, fuzzy modeling, fuzzy control, type-2 fuzzy systems, computing with words, rough sets, granular computing, fuzzy neural networks, neuro-fuzzy systems, fuzzy system architecture or hardware

Paper Submission

Authors are invited to submit full-length papers (8 pages maximum) by the submission deadline through the online submission system. Potential organizers are also invited to enlist five or more papers with cohesive topics to form special sessions. The submission of a paper implies that the paper is original and has not been submitted under review or is not copyright-protected elsewhere and will be presented by an author if accepted. All submitted papers will be refereed by experts in the field based on the criteria of originality, significance, quality, and clarity. The authors of accepted papers will have an opportunity to revise their papers and take into consideration of the referees' comments and suggestions. Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements.

Important Dates

Special session proposals deadline…….. December 1, 2022
Paper submission deadline……. ~~January 1, 2023~~ January 9, 2023
Notification of acceptance…….…… February 1, 2023
Camera-ready copy and author registration…….… March 1, 2023

General Chairs
Sang-Woon Jeon, Hanyang University, Korea
Yunliang Jiang, Zhejiang Normal University, China

Advisory Chairs
Sam Kwong, City University of Hong Kong
Chin-Teng Lin, University of Technology Sydney, Australia
Derong Liu, University of Illinois, Chicago, USA
Kay Chen Tan, Hong Kong Polytechnic University
Jun Wang, City University of Hong Kong

Organizing Chairs
Xiao-Min Hu, Guangdong University of Technology, China
Hu Jin, Hanyang University, Korea
Wei Zhang, Chongqing Three Gorges University, China

Program Chairs
Wei-Neng Chen, South China University of Technology, China
Jeremiah D. Deng, Otago University, New Zealand
Joo Hyun Lee, Hanyang University, Korea
Howon Lee, Hankyong National University, Korea
Hua Wang, Victoria University, Australia
Changjun Zhou, Zhejiang Normal University, China

Special Sessions Chairs
Yuming Feng, Chongqing Three Gorges University, China
Weidong Jiao, Zhejiang Normal University, China
Nankun Mu, Chongqing University, China
Jiang Xiong, Chongqing Three Gorges University, China
Wei-Jie Yu, Sun Yat-sen University, China
Zhi-Hui Zhan, South China University of Technology, China

Publications Chairs
Yue-Jiao Gong, South China University of Technology, China
Bang Chul Jung, Chungnam National University, Korea
Wing Yin Ng, South China University of Technology, China
Xi-Zhao Wang, Shenzhen University, China
Nian Zhang, University of District of Columbia, Washington, DC, USA

Publicity Chairs
Tingwen Huang, Texas A&M University at Qatar, Doha, Qatar
Zhigang Zeng, Huazhong University of Science and Technology, Wuhan, China
Huaguang Zhang, Northeastern University, Shenyang, China

Registration Chairs
Si-Hyeon Lee, KAIST, Korea
Won-Yong Shin, Yonsei University, Korea
Jing-Hui Zhong, South China University of Technology, China
